12-Channel Audio

8:00

Jörg Lindenmaier

March 2021

The piece consists of 15 fixed bands of resonated Cauchy noise. The center frequencies are based on the natural note series with an unused fundamental frequency of 128 Hz ($f = 128 * (n + 1)$).

Channel configuration
12-Channel version: depends on speaker setup
Stereo version: Ch-1 = left ... Ch-12 = right
